Principal's Message

The end of the school year symbolizes a time of reflection as we remember the experience of the previous months. As we look back at the rewarding and challenging learning opportunities presented at Edith Rogers I am confident that you will identify memories that will continue to foster through your years of education.

I have enjoyed my first year as the principal at Edith Rogers School. I have many fond memories of this year's activities and achievements of both staff and students. I remember the orientation day for our new students; some of you looked like deer caught in headlights. Starting at a new school is always difficult but you soon learned your way around and made new friends. I remember Welcome Week activities, school dances, the Terry Fox walk, the Remembrance Day ceremony, pizza lunches, dodge ball tournaments, fine arts night and a myriad of other activities. You settled in and made the school a great place to be.

Academically we have had a great year at Edith Rogers. We were pleased to recognize so many students on our honour roll. We were also proud of the number of students who made it onto the gold list. We know that success in school is enhanced when students are on time and in class. Students' and teachers' hard work showed in the results on our HLATs and the grade nine language arts PAT. We're sure we will have great results on the rest of the exams written at the end of June.

We have had a very successful year with our sports teams. Both the girl's and boy's volleyball teams were very successful coming second and first in the city finals respectively. Eighty three athletes qualified for the zone track meet and 19 of these went on to the city finals. For the first time, Edith Rogers had a rugby team and they lost in the semi-finals. Whether or not they were winning, all our athletes displayed great sportsmanship.

The staff at Edith Rogers is very proud of our students and their accomplishments in the school and the community. Working together, we have built a school community we can be proud of. A school is not about a building but about the people who occupy it.

On behalf of the Edith Rogers staff, I wish you a restful summer to rejuvenate and come back in the fall ready to tackle the challenges of another year. For those of you who are heading off to high school, we will miss you and wish you the best. Please continue to strive for excellence in all you do.

Sincerely,

Kathy McCabe

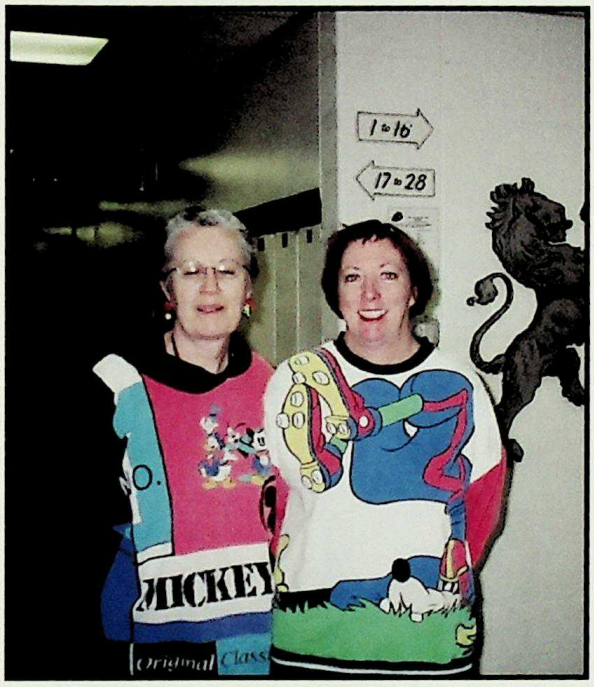
All work and no play?? No way!

The teachers may seem old and out of touch, but they still remember their inner child!

Below: Things are always scariest at halloween.

Right: Um...aloha?

Above: Biker Babe!



Left: Where are Mickey and Minnie?

Below: Self portraits during track and field.

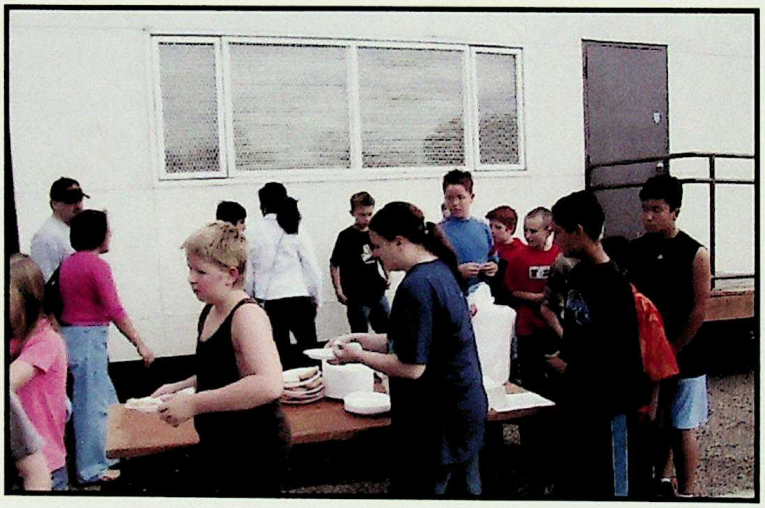
Above: Oh Canada!

Left: More goofing around.

Welcome BBQ Grade Seven

Students assembled in the gym for an introduction of the teachers and short orientation.

Students left the gym and went to their homerooms to meet each other, and get familliar with homerooms.



Edith Rogers teachers cooked and served hamburgers, chips and juice to the students.

Welcome Week Activities

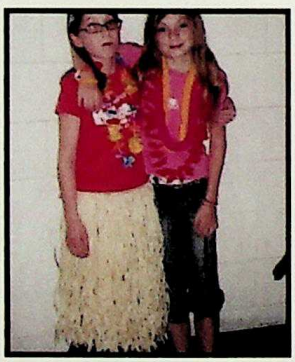
Beach Days and Scavenger Hunt

Beach Days were held in September. It was a great success.

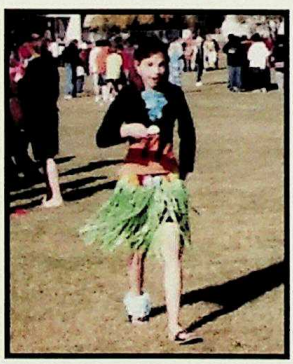
Students participated in activities all week long.

There were activities such as Tug-O-War, the Three Legged race and Egg and spoon Race.

Homeroom classes were awarded spirit points for participating in events.



Students were given the option of dressing in Beach Wear.



A great time was had by all.

FUN DAYS AT EDITH ROGERS

Clippers

Valedictorian's Address

Ms. McCabe, Mr. Mercy, Teachers, Parents, Guests, and Fellow Graduates:

We're here tonight to commemorate the three years we've spent at Edith Rogers. It may be a sad time for some, leaving friends behind, but it's also a joyful time, remembering the funny moments, the hair cuts and colors, and the classes. There were many people helping us along the way through our junior high years that we must remember and thank: teachers, parents, and friends.

When we first entered ER, we had many things on our mind, much more important than the homework and classes. We were worried about not being able to open our lockers, not being able to find our classes, and not having any friends in our classes. We soon overcame those fears and created new friends. We then entered Grade 8, where we found even more new friends and became closer to the old ones. Now we stand before you as responsible young adults. We're not the little grade sevens anymore, but the mature grade nines.

First off, I'd like to thank our teachers. Even though at times we hated them for giving us piles of homework, they helped us through a lot. They assisted us to become better people. We also shared many laughs with them. Whether it was Ms. Bilton screaming at her computer across the hall or banging her head on the wall, Mrs. Oswin catching people sleeping or defining a moron, or Ms. Newsham and Ms. Ashton dancing in the hallways, we shared many memorable moments I will never forget. I thank you for that.

I'm also very grateful for the support that our parents have given us over the years. They were the ones who stayed up all night to help you with the project that was due the next day. Then they were the ones who dropped it off at school when you forgot it at home the next morning. They've survived through the most painful teenage years, the screaming and yelling, the fights with friends, and most of all, the frustrating mood swings. Their encouragement, perseverance, and determination to make us strive for our goals has been never-ending.

Last but certainly not least, I'd like to thank our friends. They were the ones who helped us through the hard times and laughed with us through the good times. They were the shoulders we cried on and the people we gossiped with. Whether we've been friends for three months, three years, or all the way back to grade one, we'll never forget them. They will always be treasured in our hearts.

Now, as we leave junior high behind, we are about to move on to a new school with new adventures and challenges, new friends, new classes, and new teachers, and the knowledge this school has given us will help us overcome any obstacles we might face in the future.

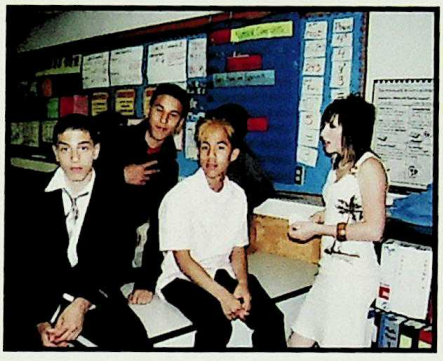
I wish all of you the best of luck for many years to come. And always remember this comment by a very wise man, Gordon Parks, "The guy who takes a chance, who walks the line between the known and unknown, who is unafraid of failure, will succeed."

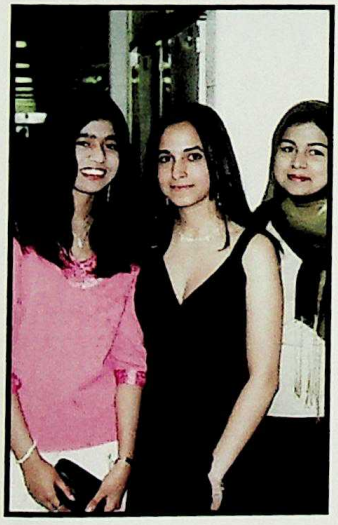
Thank you. Good luck and Goodbye.
Brenna Jensen

Grade Nine 2006 Farewell

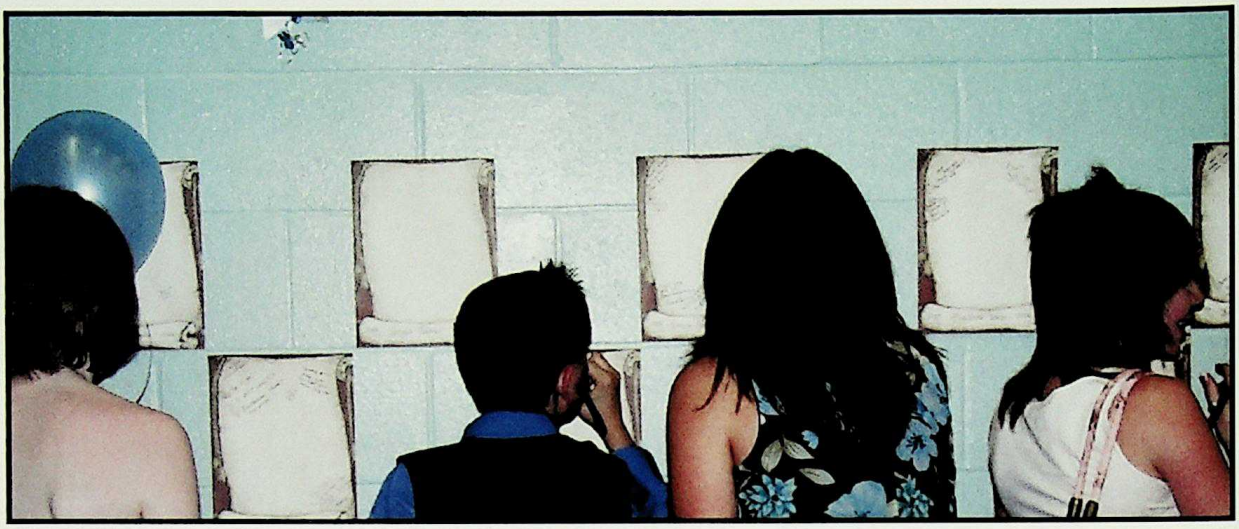
The Grade Nine Farewell was a night of gowns, tuxedos, and limousines.

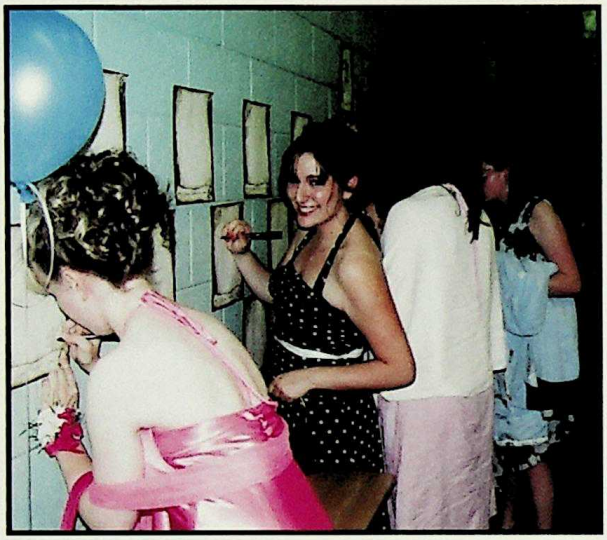
Groups waited in classes for the final walk to the gym.

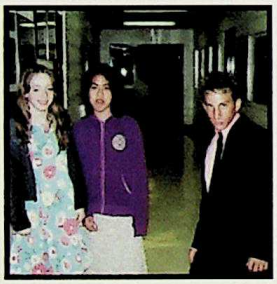




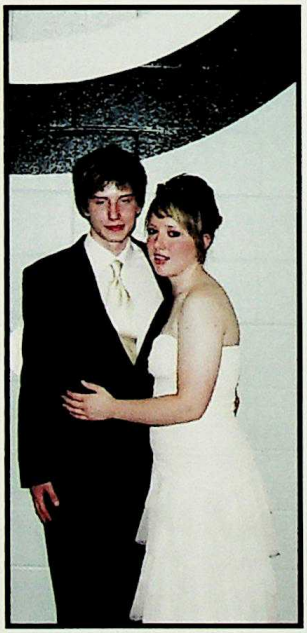
Left: Grade Nine's posing **Above: Waiting in the hall**

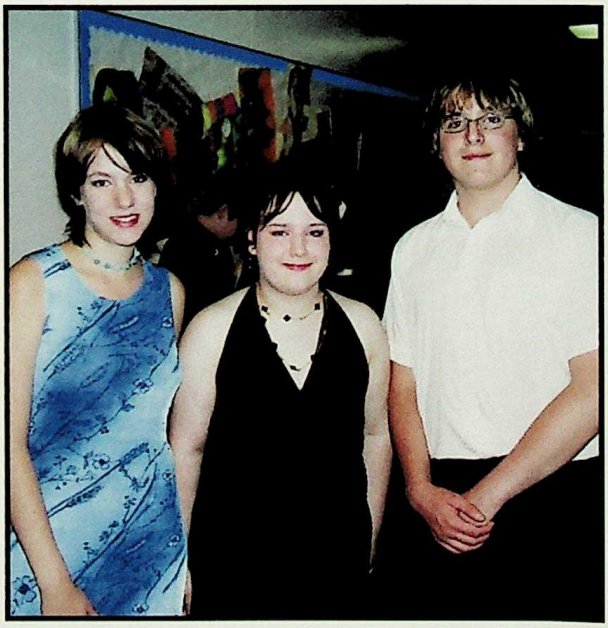


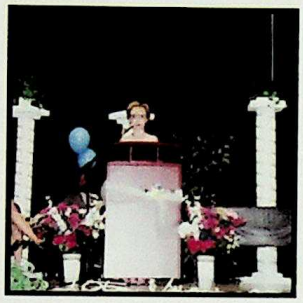




We leave behind fond memories. Everyone will have a memory sheet signed by friends.
Friends are so important and we will cherish the memories forever.







On Stage

Left : Singers Wendy and Jessica

Students listened to the singers and speakers, then each class went up to be presented with their Grade Nine Certificate. It was a proud moment for students and parents.
